

ROTARY CLUB OF RUDRAMATI

New Baneshwor, Kathmandu, Nepal (email: ishu@ica-nepal.org)
Rotary Club No: 64062 RI D# 3292 Chartered: 17 Dec. 2003

- One Member One Project** : Rotary Club of Rudramati is currently working on "One Member One Project" theme. Each member is leading an individual project.
- Mobile Throwing Competition for Rural Communication** : Rotary Club of Rudramati organized Mobile Throwing Competition for the very first time in Asia with a noble intend to raise funds for rural communication. This competition was to collect usable old mobile phones to remote village of Mugu District of Nepal, where the mobile penetration is very low. The competition was held in Tundikhel, Kathmandu on 10 Jan 2015. The event was participated by altogether 255 people. The club was able to collect more than 200 mobiles.
- Keta Keti Home** : With support of Scottish NGO YakNak, RCR is running an orphanage named "Keta Keti Home" in which currently 15 street children are accommodated. The project has hired two homes in Kapan, Kathmandu (1 housing 8 children and other 7). The project covers all expenses for shelter, food, clothing, education, health and other wellbeing of the children.
- Drinking Water and Sanitation Project** : Drinking Water and Sanitation Program is major program among the various community development programs launched by Rotary Club of Rudramati. RC Rudramati has productively completed the installation of drinking water system in Challing and Bhalakhala VDC of Bhaktapur District. This project was an extension of Drinking Water Project implemented in Changunarayan VDC.
- Talk Program and Presentation** : On a regular basis, we conduct talk programs and invited dignitaries and experts to deliver presentation on various themes such as environment, technology and research.
- Disability and Our Social Responsibility, Awareness Raising Campaign** : The main objective of this project is to create social awareness among school children and their guardians about disability with an aim of creating better environment for the disabled fellow students in schools and elsewhere to enable them to live as any other human being. At present we are working on bringing 1000 wheel chairs for disables from Japan.
- Tree Plantation** : Tree Plantation is a regular program of Rotary Club of Rudramati. Altogether 700 plants of Amba, Dhupi, Amala, Lapsi, were planted at Satungal VDC. Families of Rotary had also actively participated in the program.
- End Polio Activities** : Rotary Club of Rudramati prolifically participated in the End Polio Activities conducted by Rotary District 3292.
- Support to Public School** : Rotary Club of Rudramati provided support to various schools donating computer and printer, t-shirts, pens, caps and other stationaries to the students in far remote areas of Nepal.
- Blood Donation Program** : Rotary Club of Rudramati in collaboration with schools and colleges regularly conducts Blood Donation program. Blood donation program is one of the regular activities of RC Rudramati which will be continued in coming days.
- Reproductive Health Project with Focus on Uterine Prolapse** : This project had setup reproductive health camps in four vulnerable Districts (Dhading, Gorkha, Kaski and Jhapa) and screened more than 1600 women for uterine prolapse conditions. Programs on improving birth spacing awareness had also been conducted.
- Identifying the sustainable source of Income for women of Parbat, District** : This project is focused on to identify the real cause of the misery of the local community. We are aiming to equip them with some modern technologies with which they have the traditional bondage, e.g., one month long training on sewing and knitting. The club has organized series of trainings on soft skills like Leadership Development, and Micro-Enterprise Development for rural women encouraging them to pursue income generating activities.
